

- **Health Facilities** data is drawn from:
Joint Annual Report of Hospitals. Tennessee Department of Health, Health Statistics and Research, 2000. This is also accessible online at the HIT/SPOT Web site (www.tennessee.gov/hitspot).

Joint Annual Report of Nursing Homes. Tennessee Department of Health, Health Statistics and Research, 2000. This information is also accessible at (www.tennessee.gov/hitspot).

Joint Annual Report of Home Health Agencies. Tennessee Department of Health, Health Statistics and Research, 2000-2001. This information is also accessible at (www.tennessee.gov/hitspot).
- **Intentional and Unintentional Injury** data. *Fact Book and Injury Profile for Tennessee, 2000.* National Center for Injury Prevention and Disease Control, Centers for Disease Control and Prevention, 2000. This report covers rates of mortality due to specific causes of injuries in Tennessee as compared with the United States.
- **Name of the Study/Data Set: Tennessee Middle School Health Survey, 2001-2002**
Sponsor: Tennessee Department of Health, Bureau of Alcohol and Drug Abuse Services
Source: Community Health Research Group at The University of Tennessee, Knoxville
Description: This was a cross-sectional survey of approximately 44,000 middle school students (grades 6 through 8) in 165 randomly selected Tennessee public schools in 13 Tennessee health department regions in 2002 (Davidson County did not participate).
- **Name of the Study/Data Set: Mortality Data**
Sponsor: Tennessee Department of Health
Source: Tennessee Department of Health, Certificates of Death
Description: This data set includes information on all deaths occurring in Tennessee as well as deaths occurring out-of-state to Tennessee residents for the years 1990-2001. Basic demographic characteristics are available for the decedent along with detailed information pertaining to the cause of death. Data linking infant deaths (under 1 year of age) with their corresponding Tennessee birth record are available.
- **Name of the Study/Data Set: Population Data, 1990 - 2001**
Sponsor: Tennessee Department of Health
Source: Tennessee Department of Health
Description: Population estimates are available for the years 1990 - 2001, by race, gender, age, and county. [Note: the 1990 and 2000 data are the actual Census counts for that year.] Data are available by single years of age through age 79. Ages 80-84 are grouped together into one category and ages 85 and over are represented by 85+. Race categories are white, black, and other.
